Dear Friends and Colleagues

This is to inform you that we have had a confirmed case of COVID-19 involving a member of our organisation. Of course, full advice and support has been given including receiving a separate letter regarding self-isolation and was told to stay at home with immediate effect.

The venue remains open for our customers, visitors and other members of the organisation (unless they have been given specific advice to self-isolate) and providing our users, visitors and other members of our team remains well they can continue to attend our venue as normal. We are continuing to monitor the situation and are following [government guidance](#) including staff testing. You are of course reminded to act in accordance with further government advice [should you feel unwell](#).

For most people, coronavirus (COVID-19) will be a mild illness.
